

Certifications

Mid-American Cleaning Contractors is always striving to improve the service we provide. That dedication has led us to being one of the elite few companies within the United States to have obtained both the ISSA Cleaning Industry Management Standard (CIMS) certification with honors and the CIMS-Green Building (CIMS-GB) certification with honors.

By complying with the core principles of providing quality service delivery, good safety and environmental stewardship, and respecting our human resources, Mid-American is able to be a business partner like no other.

Certifications Explained

CIMS - CIMS- certified organizations must demonstrate compliance with the five core principles of the Standard and quality systems: service delivery, human resources, health/safety/environmental stewardship, management commitment, and undergo a comprehensive assessment of management and operational execution. [CIMS FAQ](#).

CIMS - Green Building - CIMS-GB criteria illustrates Mid-American's commitment to delivering green and sustainable cleaning programs. The CIMS-GB designation allows us to provide our customers with precisely what they need to secure points under the U.S. Green Building Council's LEED for Existing Buildings: Operations and Maintenance (LEED-EBOM) Green Building Rating System, while greening operations overall.
